

## TR510H

Z track 400mm  
 Vacuum table or mixed T-slot & vacuum table  
 Different Power spindle: 3.0kw, 4.5kw, 7.0kw, 9.0kw  
 Vacuum pump  
 Dust collecting system  
 Mist cooling system  
 Auto lubricating system  
 ATC system

### CNC router TR510H

Model	Description	TR408-TK tangential knife
1	X, Y, Z working area	1500×3000×300mm
2	Table size	2150×3800mm
3	Resolution	±0.03/300mm
4	Repeatability	±0.05mm
5	Machine structure	Stressless welded steel tubes
6	X structure	Rack and pinion, linear guides
7	Y structure	Rack and pinion, linear guides
8	Z structure	Ball screw and linear guides
9	Max. consume power	9.5kw
10	Max. rapid speed	0-32000mm/min
11	Max. working speed	0-20000mm/min
12	Spindle power motor	6.0kw Italian air cooling spindle, ER32
13	Spindle speed	0-24000rpm
14	Working mode	Yaskawa servo system
15	Working voltage	AC220/380V, 50/60Hz, 3PH
16	Command code	G Code
17	Operating system	Syntec windows control system (Taiwan)
18	Interface	USB
19	System Memory	128M (or pen drive)
20	Software	Artcam Express, Vectric, Aspire
21	Packing size	3680×2130×1850mm
22	Gross weight	1950kgs
